This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

INSPECTION OF THE BRANCHES OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

WAR DEPARTMENT,
OFFICE OF THE INSPECTOR-GENERAL,
Washington, November 11, 1907.

SIR: I have the honor to submit the following report of an inspection of the National Home for Disabled Volunteer Soldiers, made pursuant to act of Congress approved August 18, 1894, and in accordance with letters from The Adjutant-General's Office dated August 20 and October 16, 1907.

The inspections of the various Branches were made in the following order, and on the dates named, viz.:

Eastern Branch, Togus, Me., August 28 to 31.
Northwestern Branch, Milwaukee, Wis., September 7 to 11.
Battle Mountain Sanitarium, Hot Springs, S. Dak., September 13 and 14.
Pacific Branch, Santa Monica, Cal., September 19 to 22.
Western Branch, Leavenworth, Kans., September 25 to 29.
Danville Branch, Danville, Ill., September 30 to October 3.
Marion Branch, Marion, Ind., October 4 to 6.
Central Branch, Dayton, Ohio, October 6 to 10.
Mountain Branch, Johnson City, Tenn., October 13 and 14.
Southern Branch, Hampton, Va., October 21 to 24.
Offices of the president and general treasurer, New York City, October 25 and 26.

Mr. William T. Kent, expert accountant, Inspector-General's Department, accompanied me on this tour. Mr. Kent has been visiting the various Branches of the Home for the past thirteen years, and on this trip made the usual thorough examination of the accounts and disbursements. His suggestions relating to methods of accounting will be found later on in this report, and are concurred in by me.

The Home is composed of ten distinct Branches, and its government is vested in a Board of Managers appointed by joint resolution of Congress. The officers of the Board, consisting of a president, two vice-presidents, and a secretary, are elected by the members of the Board from among themselves. The headquarters of the Board of Managers is in the New York Life Building in New York City.

An inspector-general, two assistant inspectors-general, a general treasurer and an assistant-general treasurer, who are not members of the Board of Managers, but are salaried employees, are appointed by the Board of Managers for their respective functions of the Home management.

A member of the Board of Managers is assigned to each Branch Home as its local manager. The Board of Managers prescribe the

rules and regulations for the government of the Home in all its Branches, and appoint the local officers of the Branch Homes.

The Board of Managers hold regular quarterly meetings, and such special meetings as the exigencies of the Home may require. A quorum for the transaction of business consists of seven members, including the president or one of the vice-presidents. The president of the Board and the secretary receive salaries; the other members serve without pay, but they all receive travel expenses for travel performed in connection with the management of the Home.

At the date of this inspection the Board of Managers was constituted as follows:

Members of the Board.	Residence.	Local manager of—	Term expires.
Col. J. W. Wadsworth, president	New York City, N. Y.		1910
Gen. T. J. Henderson, first vice-president	Princeton, Ill.	Danville	1908
Gen. C. M. Anderson	Greenville, Ohio	Central	1912
Col. W. P. Brownlow, secretary	Jonesboro, Tenn.	Mountain	1908
Capt. H. E. Palmer	Omaha, Nebr	Battle Mountain	1910
John M. Holley, esq	La Crosse, Wis.	Northwestern	1910
Maj. William Warner	Kansas City, Mo	Western	1912
Col. H. H. Markham	Pasadena, Cal.	Pacific	1910
Col. Edwin P. Hammond	Lafayette, Ind.	Marion	1908
Hon. Franklin Murphy	Newark, N. J	Southern	1912

Gen. John Marshall Brown, of Portland, Me., local manager of the Eastern Branch, whose term would have expired in 1908, died on July 20, 1907, and at the time of the inspection his successor had not been named.

The President of the United States, the Chief Justice of the Supreme Court, and the Secretary of War are ex officio members of the Board of Managers.

GENERAL CONDITION OF THE HOME.

The Home, in all its Branches, was found in good order both as to administration and general conditions. It was evident that care is taken for the comfort and welfare of the members, who are well housed, well clothed and well fed. Every effort is made for the amelioration of the condition of the sick, as well as of the aged and infirm, both classes being furnished with every possible comfort.

Proper discipline is enforced, allowance being always made for the age of the members and the infirmities that accompany age, The punishments imposed appear to conform generally to the rules and regulations prescribed by the Board of Managers, which are as mild and lenient as is consistent with securing a state of discipline that inures to the greatest good of all the members.

As a general thing, the officers of the various Branches are zealous and efficient and well fitted for their duties, and have a proper understanding of the treatment they should give the old men under their care. Not many defects or irregularities were noted at any Branch, se that were noted were called to the attention of the various s, who immediately applied corrective measures, so far as it ible.

anagement of the Home, considered as a whole, appeared to ent, and the general conditions of the various Branches were

such as reflect credit both upon the Board of Managers and the local Home officers.

The proper management of this institution involves an amount of labor of which probably few have any conception. For the last fiscal year the totals of its expenditures were $10,020,908.37; it sheltered and cared for 35,874 men, most of them veterans of the civil war, and all of them soldiers of some declared war of our country, who were not only cared for as to their material wants, but were afforded the amusements and divertisements that are given by theaters, bands of music, libraries, amusement rooms, games, etc.; nor has their spiritual welfare been overlooked, ample provision having been made for the religious instruction and consolation of all, according to their faith. The hospitals of the Home have cared for 9,822 patients with tender solicitude; and to those who have died, proper sepulture has been given, with military honors. The Branch treasurers have received and paid over to members, or have held for them, $3,903,866.19 of pension funds. The auditing of the accounts, involving a great deal of careful and painstaking labor, is done at the central office in New York, which also exercises a general supervision over the entire business of the several Branches. This supervision is given by the Board of Managers, who, with two exceptions, serve without compensation; and even in the two exceptions the compensation received is in no wise commensurate with the duties performed and the responsibilities involved.

QUALIFICATIONS FOR MEMBERSHIP.

To be eligible for membership in the Home, the applicant must have served in the land or naval forces in a declared war of the United States; and this embraces service with either the Regulars or the Volunteers, and consequently it provides for admitting many men who have served in the Regular Army who are not eligible for admission to the Regular Soldiers' Home, in Washington, D. C., where eligibility applies only to men who have served twenty years in the Regular Army or have been discharged from that service on certificates of disability, when the disability was acquired in the line of duty. No provision has as yet been made anywhere for the care of soldiers who have served less than twenty years in the Regular Army, or in the Navy, discharged in good physical condition, but afterwards became disabled, perhaps in very many cases, as the belated results of service in the line of duty. As they did not serve in a declared war they are barred from the benefits of the Volunteer Homes; and as they did not serve twenty years they are denied the benefits of the Regular Home. It seems that provision should be made for the care somewhere of these men, many of whom endured the privations, perils, and hardships incident to long service in the Indian campaigns.

CIVILIAN LABOR.

As long as the members of the Home were comparatively young and active the clerical and other duties in connection with the various Branches were performed almost entirely by them; and while this was possible it was eminently right and proper, as it was more economical, encouraged habits of industry, and provided occupation

for the members. With the exception, however, of a few men coming in as soldiers of the Spanish war, the members are all reaching an age which unfits most of them for active or responsible duty of any kind, and almost insuperable difficulty is experienced in securing a sufficiency of them for the purposes required. Especially is this so in the hospitals, where capable well-paid male nurses should be employed without delay. It seems, therefore, that the time has come when the services that are necessary at the Branches should be performed by civilians, except in so far as they may be supplied by the younger men who have come in as beneficiaries from the Spanish and subsequent wars.

The doing away with the time books in the office of the treasurer was a step that has long been looked forward to as an abridgement of much unnecessary labor, as all the data upon which these pay rolls and books are based is collected by the quartermaster, and that officer seemed to be the proper officer to make up the rolls and service vouchers and to certify them for payment to the treasurer.

The adoption of loose-leaf ledgers for the personal accounts of the pensioners was noted. This method of keeping these accounts will undoubtedly be found of much value as to time and labor if coupled with a proper indexical arrangement of the leaves, such as appears in city directories. If so arranged the additional labor of writing up an index for each volume will be avoided. Possibly the pension agents, upon a presentation of the matter, would conform their abstracts to meet this arrangement and thus materially facilitate the posting of the accounts.

STATISTICAL.

The following statistics, collated from the data supplied by the officers of the various Branches in reply to questions submitted by the inspector, pertain to the entire Home in all its Branches; and, unless otherwise specifically stated, relate to the period from July 1, 1906, to June 30, 1907:

Population. Total number of officers and members present on June 30, 1907, 18,596; absent, 9,498; total present and absent, 28,094, a net loss of 567 from June 30, 1906. The losses and gains by Branches were:

Losses:

Average age of all members to June 30, 1907, 66.66 years; of those who served in the civil and prior wars, 67.87 years; of those who served in the Spanish and subsequent wars only, 38.70 years. Last year these averages were, respectively, 65.64, 66.73, and 36.70 years.

The number of deaths was 65.69 per cent of the number of first admissions, as against 54.05 for the preceding year.

Discipline. Total number of arrests, 9,604; total number of members offending, 5,384; trials for drunkenness, 3,957; for absence without leave, 2,689; per cent of members offending to average number present, 21.28, as compared with 21.66 for the preceding year.

By the operation of law the beer halls were closed on March 4, 1907. The following tabulation shows the number of trials for drunkenness at the various Branches during the fiscal year 1906, during which the beer halls were in operation, and 1907, during four months of which they were not in operation.

Branch.	Fiscal year 1906.	Fiscal year 1907
Eastern	264	430
Central	590	958

Southern	580	656
Battle Mountain (new Branch)	.....	5
Total	3,221	3,957

The increase of trials for drunkenness in 1907 over those of 1906 was about 22.2 per cent.

Libraries. At the close of the fiscal year the libraries of the various Branches contained an aggregate of 89,705 volumes, of which 5,549 had been added during the year; and in the same period 1,016 volumes were disposed of by condemnation. The number of volumes read or circulated was 263,462. Papers subscribed for, 415; furnished free, 478. Periodicals subscribed for, 183; furnished free, 24.

Theaters. During the year the cost of performances given in the theaters of all the Branches aggregated $27,276.41. No admission fee is charged for members at any of them, but others pay from 5 cents to $1, and a total of $5,463.70 was derived from this source.

Bands. An aggregate of 195 musicians compose the bands, of whom 183 are civilians and 12 are members of the Home. Total cost of maintenance of all the bands, including subsistence and other allowances of civilian musicians, $85,445.38. Average pay of leaders, per month, $101.87; of members, $14.16; of civilians, $30.81.

Religious services.

Each of the Branches has both a Catholic and a Protestant chaplain, most of whom are officers of the Home. The Central Branch has two separate chapels, while the others have only one each, with separate accommodations for each denomination. The services have an aggregate average attendance of 4,025, which is 21.51 per cent of the average number of members present at all the Branches.

Farms.

Sixteen hundred and thirty-four acres were under cultivation—1,509 as farms and 125 as vegetable gardens. Four of the Branches kept no cows; the other six had a total of 330, which yielded 225,840 gallons of milk, at an average cost of 1[illegible] cents per gallon. Milk in the nearest markets sold at an average price of 19 cents a gallon, by the quantity.

Value of farm and garden products for the year, $74,735.93.

The following is a statement of the disposition of farm products

Turned into commissary	$55,465.8[illegible]

General fund.

The disbursements of the general fund under the several subheads of appropriation were as follows:

Total expenditures	.....	.....	3,760,680.[illegible]

Received on posthumous account, $28,854.82 ; disbursed, $16,157.3[illegible]

An average of 62 officers, 363 noncommissioned officers, 3,934 members, and 672 civilians were employed under the general fund. Their pay for the year aggregated $1,083,743.43. Their average pay per diem: Officers, $5.51 ; noncommissioned officers, 71 cents ; members 42.5 cents; civilians, $1.495. A total average of 317 members worked without pay.

Per capita cost.

The per capita cost of maintenance, exclusive of cost of constructions, was $168.80, as compared with $158.6[illegible] for the preceding year. The highest per capita cost, $216.02, was a

the Mountain Branch; the lowest, $146.26, was at the Central Branch. At the Battle Mountain Sanitarium, recently opened, the per capita cost was not calculated. Included in this per capita is the item of 55 cents for objects of amusement, heretofore paid from the post fund.

Open-market purchases.

Number or open-market puchases made during the year, 2,903, amounting to $100,010.72, and distributed as follows, to-wit:

Mountain Branch	$9,839.77
Western Branch	12,378.91
Central Branch	12,819.34
Marion Branch	10,423.92
Pacific Branch	5,019.20
Eastern Branch	10,150.32
Southern Branch	6,535.12
Northwestern Branch	6,847.09
Danville Branch	9,680.05
Battle Mountain Sanitarium	16,317.00

Cost of administration.

The cost of administration of all the Branches for the year was reported as follows:

Paid to commissioned officers	$115,268.28
Paid to commissioned officers' clerks	102,191.13
Office expenses, telegrams, stationery, office supplies	10,854.11
Forage, heat, light, etc., furnished officers	12,081.62
Furniture, repairs, etc., to officers' quarters and offices	22,456.07
Mileage paid to officers	783.78
Express charges on currency	915.23
Paid by general treasurer	59,294.97
Total	323,845.19

This shows a per capita cost alone for administration of $15.64, and a cost of $0.086 for each dollar disbursed.

Post funds.

The following tabulation shows the aggregate profits of the post funds for 1906, the last fiscal year the beer halls were operated (as, by operation of law, they were closed on March 4, 1907), and for 1907, during eight months only of which the beer halls were operated, viz:

Purpose.	1906.	1907.
Paid for amusements	$94,409.07	$64,170.44
Paid for buildings	81,764.69	40,558.92
Paid for insurance	3,813.03	2,739.67
Paid for other purposes	152,889.70	93,883.33
Net increase of assets	48,834.69	44,347.30
Total profits	331,711.18	245,699.66

This shows a decrease of $86,011.52 in the profits of the fund for the fiscal year 1907, during four months of which the beer halls were not operated. This sum is still further increased by the fact that a donation of $4,419.81 was made to the post fund of the Mountain Branch for the purchase of a piano and books for the library. It will be thus seen that the abolishing of the sale of beer has cut off a considerable revenue, and Congress should supply, in part, this deficiency. Sufficient time has not elapsed since the sale of beer was

prohibited to determine whether or not this prohibition is beneficial. The largest net profit reported, $12,657.27, was at the Mountain Branch; the smallest, $146.38, was at the Danville Branch. No post fund has as yet been established at the Battle Mountain Sanitarium. A daily average of 516 men were employed in the transactions of the various post funds.

Pensioners.

On June 30, 1907, there was an aggregate of 26,035 pensioners on the rolls of the various Branches, as against 26,663 for the previous year. They were paid in the aggregate $3,691,716.34. Seven pensioners each had balances of more than $1,000 to their credit, and 35 had between $500 and $1,000. The pension business of the various Branches was handled by 21 clerks, whose salaries aggregated $11,500, paid from the general fund.

Reservations, barracks, etc.

The reservations of the various branches comprise 5,610.49 acres. During the year a strip of land 10 feet wide by 1,400 feet in length was sold by the Mountain Branch to the Southern Railway Company, whose line the strip adjoined. At the Southern Branch 43 acres, that heretofore had been leased, were purchased from the Hampton Normal and Agricultural Institute, and 7.87 acres were reclaimed by filling in behind the new sea wall and the timber revetment in Jones Creek. At Battle Mountain Sanitarium about 10 acres in city lots were purchased during the year.

There are altogether 138 barracks, which were originally intended to quarter 18,811 men and were actually occupied by 16,164 men on June 30, 1907. Aggregate number of bath tubs, 458, an average of 1 tub to every 40 men. Aggregate number of urinals, 1,135.

Commissary department.

From the reports submitted the average cost of the ordinary ration and of the hospital ration during the fiscal years 1906 and 1907 were as follows:

Branch.	1906.		1907.	
	Ordinary ration.	Hospital ration.	Ordinary ration.	Hospital ration.
Mountain	$0.1530	$0.1950	$0.1470	$0.2147
Marion	.1645	.1866	.1685	.1700
Western	.1599	.1739	.1746	.1907
Eastern	.1715	.1863	.1786	.2576
Danville	.1511	.1970	.1526	.2158
Northwestern	.1354	.1778	.1357	.1822
Central	.1592	.1702	.1686	.1798
Pacific	.1740	.1750	.1778	.1931
Southern	.1527	.1697	.1524	.1825
Battle Mountain	.....	.....	.2217	.2217

Highest cost of ordinary ration in 1907, exclusive of Battle Mountain Sanitarium, was at the Eastern Branch, 17.86 cents, and the lowest, 13.57 cents, was at the Northwestern Branch. Hospital ration, highest, 25.76 cents at the Eastern Branch; lowest, 17 cents, at the Marion Branch.

The dining rooms have an aggregate seating capacity of 11,133, in which 790 men were employed, with 288 employed in the kitchens.

The estimated total output of garbage per month was 648,666 pounds, which was sold at all the Branches except one, where it was fed to hogs. It brought $5,450.88 for the year.

Engineer department.

Total cost of maintenance of steam plants for the year, $316,065.19; of lighting plants, $68,237.13.

Ice.

All the Branches, excepting the Danville, Eastern, Northwestern, and Battle Mountain Sanitarium, manufacture their own ice. The Eastern Branch gets ice from its own ponds at a cost of 13 cents a ton, the Northwestern Branch is supplied from its own ponds free of cost by ice dealers, who are allowed to take what ice is left, and the Danville Branch buys its supply by contract at $4 per ton. The cost per ton at the Branches that manufacture their own ice is as follows: Mountain, 72.41 cents; Western, 89 cents; Central, 83 cents; Marion, $1.50; Pacific, 69.3 cents; Southern, 76 cents. The excessive price paid for ice at the Danville Branch over the cost at the other Branches would suggest the economy of building an ice plant at that Branch. The average cost of ice at the Branches where it is made is about 90 cents; the saving, therefore, at the Danville Branch, where the estimated consumption is 1,100 tons per year, would be about $3,400.

It is suggested that, if possible, a change be made in the contract for electric light at the Danville Branch from a rate per light to the meter system, paying only for the actual consumption. Such a system was found advantageous at one of the Branches.

Fires.

Three fires occurred during the year—one at the Western Branch, loss, $101.62; one at the Southern Branch, loss, $9,798, and one at the Danville Branch, loss, $594.80; total loss, $10,494.48.

The sick, deaths, etc.

The hospitals of all the Branches have a total capacity for 3,368 patients. Five Branches have quarters for convalescents, with aggregate capacity for 1,268 patients. The other five Branches have no special quarters for convalescents. Aggregate daily average number sick in hospitals, 2,707; in convalescent quarters, 1,038; at sick call, 898.

Total number admitted to the hospitals during the year, 9,822, as against 9,118 for the preceding year—an increase of 704. Of the deaths, 1,887 occured at the hospitals and 435 elsewhere.

Average age of patients at death, 69.33 years. Last year it was 68.81 years.

Average death rate per 1,000 of the average number of members present and absent, 72.75; last year, 70.61. The highest death rate (92.37) was in the Central Branch; the lowest (54) was at the Battle Mountain Sanitarium, which only recently began to receive members. The next lowest to this (56.40) was at the Mountain Branch.

On June 30, 1907, an aggregate of 26,436 members had been buried in the various Home cemeteries, as against 24,892 reported last year.

Daily average number of hospital employees: Members, 848; civilians, 273; female nurses, 103. Their pay for the year amounted to $214,422.82.

Expended for drugs and preparations, $58,899.45; for appliances, $27,807.

DISBURSEMENTS.

The accounts and disbursements of the Home, including the general, pension, post and special funds, and transfers between different officers were examined. They involved $16,570,515.57, as compared with $15,508,681.41 for the previous year.

The following is a summary:

Balance on hand last inspection		$1,670,335.9
Received by Treasury drafts	$6,457,687.26	
Received by transfers from officers and pension agents	7,956,781.46	
Received from sales and other sources	485,710.92	
		14,900,179.6
Total to be accounted for		16,570,515.5
Expended per vouchers	10,020,908.37	
Transfers to officers	4,486,623.84	
To credit Treasurer of the United States	503,689.86	
		15,011,222.0
Balance on hand		1,559,293.5

The balance was all accounted for. All was on deposit with desig nated depositories, except $17,000 in bonds and $2,745.20 cash o hand.

Mr. Kent suggests:

It is suggested that were the surgeons authorized to keep in loose-leaf led ers, similar in form to those authorized for pension accounts, the mone accounts of the patients for money deposited with them, they would, istead being obliged to handle a large, unwieldly volume with a cumbersome ann for an index, have all their accounts contained in a small self-indexed volum the accounts as they are closed to be placed in a separate file.

It was noted in some of the acounts that a large number of service vouche were paid. These single service vouchers are used in case of payments to e ployees who leave the service during the current month, and added much to t clerical labor of the office, as well as to the bulk of the accounts. Some Depa ments of the Government have minimized this work by using what is term an "open pay roll," which is simply a slight modification of the monthly p roll. On this roll all employees who leave the service during the month a paid, and at the end of the month its total is carried to the abstract of pa ments. To comply with the requirements of paragraph 4, Treasury Depa ment Circular No. 52, July 29, 1907, this voucher may be designated "Voucher A," stating month and year.

It was noticed at some of the Homes much stagnation at the pay tab was occasioned in the effort of the treasurer to carry out the simultaneo exchange of money and the receipt therefor, as required by paragraph 5, Tre ury Department Circular No. 52, July 29, 1907.

The men at these Homes are all old men, and a large majority of them a not accustomed to handling a pen, so when called upon to sign the pay roll the table each in his turn not only consumes his own time but the time of ea man behind him; thus, in the aggregate, much time is lost. It is suggested t this loss could be avoided and the payments facilitated if each employee w furnished with a blank form of "Receipt for cash payment" (see page 15 Treasury Department Circular No. 52, before referred to), made out by quartermaster. These receipts could be signed simultaneously throughout Home, and the payee, at the time designated, upon presentation of his sig receipt to the treasurer, receive prompt payment.

The cashbooks of the several funds seem to be regarded merely as records the amounts received and expended on account of the fund, and not as personal account of the Branch treasurer with that fund. Thus, when a cha is made in the officer there is no line of demarcation drawn in the cashbo to show when the retiring officer ceased to act and the incoming one assun his responsibilities. It would seem only proper that as the retiring officer f final accounts current the transactions should appear in the cashbook, official fiscal record of the Branch. In case it should be necessary to bring action on a bond such evidence will be found to be of value. It would be also to indicate on the stub of the final check of the outgoing officer his na and the name of the incoming officer on the stub of his first check. A n tion should be made on the cover of each book of check stubs showing by wh the checks issued therefrom were signed.

More detailed information concerning the inspection of the Branch Homes is given in the accompanying appendixes.

Respectfully submitted.

P. W. West,
Major, Fourteenth Cavalry,
Acting Inspector-General.

The Secretary of War,
(Through the Inspector-General of the Army).

ANNUAL REPORT OF THE BOARD OF MANAGERS

OF

THE NATIONAL HOME

FOR DISABLED VOLUNTEER SOLDIERS.

FOR FISCAL YEAR ENDING JUNE 30, 1907.

To the honorable the Senate and House of Representatives of the Congress of the United States.

GENTLEMEN: The Board of Managers of the National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1907:

During the year the Home has sustained a severe loss in the death of Gen. John Marshall Brown, who died at his home in Portland, Me., July 20, 1907. General Brown was appointed a member of the Board of Managers of the National Home February 15, 1897, and was chosen its second vice-president December 6, 1904, which office he held at the time of his death. His ability, his high appreciation of the honor of his position, his excellent judgment, firmness of character and the zeal and energy which he devoted to the affairs of the Home and the welfare of its members made him a most valuable manager, and his loss is deeply felt by his associates. A suitable memorial will appear in the minutes of the proceedings of the Board of the meeting of December 3, 1907.

The affairs of the Home have been administered during the year as required by law. The several Branch Homes and the Battle Mountain Sanitarium have been visited and inspected by the Board of Managers and carefully inspected by the officers appointed to that duty by the Board of Managers. The Home has also been inspected by Maj. P. W. West, Inspector-General United States Army, under the provisions of the act approved August 18, 1894. The defects and irregularities revealed by these inspections, all of which were of a minor character, have been, as far as possible, corrected.

During the year which ended June 30, 1907, 34,533 members were cared for. Of this number 20,715 were maintained throughout the year. The gains in membership during the year by admissions, readmissions, etc., were 5,864; the losses during the same period from various causes were 6,434, a net loss of 570. In the State Homes, 30 in number, 19,597 disabled soldiers and sailors were cared for, 11,688 being maintained throughout the year. The whole number cared for in the National Home and in the State Homes was 54,130, a loss from the preceding year of 463.

The following table shows the comparative statistics for the years ending respectively June 30, 1906, and June 30, 1907:

[a] Decrease.

The cost of maintenance per capita was $157.23, an increase of $2.68. This increase has been caused by the continued high prices of all supplies and materials used by the Home and by the necessity for employing civilians to take the place of member employees, who, on account of increasing age and disabilities incident thereto, are no longer able to perform labor or render clerical services with efficiency.

The general health of the members has been good, and no epidemic disease has prevailed. The number of deaths was 2,333, an increase over those of the preceding year of 185. The subject of health and medical care will be found fully treated in the report of the inspector-general and chief surgeon, forwarded herewith.

Referring to the member of the Home at the Northwestern Branch afflicted with leprosy, of whom mention was made in the last annual

report, information has been received from the Secretary of War that, while the governor-general of the Philippine Islands has consented to receive this leper and have him cared for at the leper colony at Culion, the obstacles in connection with his transportation from Milwaukee, Wis., to San Francisco, Cal., are found to be insuperable, the railroads absolutely refusing to furnish the necessary transportation. Under the circumstances he will therefore continue to be cared for at the Northwestern Branch of the Home, his condition being made as favorable as circumstances will permit.

The moneys appropriated by Congress for aid to State Homes under the provisions of the act of Congress approved August 27, 1888, have been apportioned and paid to the several States in accordance with the requirements of the act referred to and the further conditions imposed by the act approved April 28, 1904. The several State Homes, 30 in number, have each been twice inspected during the year by officers of the inspection department of the Home.

Under the provisions of the act approved February 26, 1881, as amended by act approved August 7, 1882, the treasurers of the several Branches of the Home have received from the pension agents during the year pension money belonging to members of the Home in the amount of $3,715,961.87. Of this sum $2,759,368.04 has been paid to members, and $888,559.86 sent, at the request of the members, to their families and dependent relatives.

BATTLE MOUNTAIN SANITARIUM.

The construction work pertaining to this institution has been completed, and the Sanitarium was opened for the reception of patients March 15, 1907. It is fully equipped with modern appliances for the treatment of disease and is provided with skilled medical officers, nurses, and necessary attendants. Its facilities have not as yet been fully availed of by members of the Home, but it is hoped that as the curative properties of the waters of the springs and the advantages that this institution affords for the cure and alleviation of disease become better known it will be filled to its capacity.

During the last fiscal year the legality of action taken by the Home in carrying out the provisions of the act of August 18, 1894, relating to the disposition of effects of deceased members, and the provisions of the acts of February 26, 1881, and August 7, 1882, as amended by the act of July 1, 1902, relating to the disposition of any balance of pension moneys due members at date of death, has been questioned at several Branch Homes, and particularly at the Central and Northwestern Branches.

There are pending in the United States district court for the State of Ohio four test cases involving the various points raised, and it is probable that the determination of these cases will affect possible legal action at other Branches. The origin of these cases may be briefly stated as follows:

Under the laws of the State of Ohio one F. W. Howell has been appointed administrator of the estates of several thousand deceased members of the Central Branch, located at Dayton, Ohio. In November, 1906, the governor of the Central Branch was served with a citation issued by the probate court of Montgomery County, Ohio, to appear before said court on a charge, filed by said F. W. Howell

as administrator, that the governor had concealed the assets of the estates of Henry Kerl and others. By agreement further action was suspended and the said Howell brought three suits in the United States district court at Cincinnati, Ohio, against the United States, as administrator of Henry Kerl, Michael Hoffman, and Peter Agnew, respectively, and a suit as administrator of Francis O'Reilly, in the common pleas court of Montgomery County, at Dayton, Ohio, against the National Home for Disabled Volunteer Soldiers, which suit was removed to the United States district court. An agreed statement of the facts has been prepared covering the four cases, to be submitted to the court as a basis for the argument by counsel and determination of the issues raised.

The Kerl, Hoffman, and Agnew cases each involve both effects and pension money, while the O'Reilly case is restricted to the matter of effects, there being no pension money to his credit at time of death. The said Henry Kerl died December 22, 1893, Michael Hoffman died April 5, 1900, Peter Agnew died July 26, 1905, and Francis O'Reilly died January 12, 1907, and in each case effects and pension money were treated by the National Home in compliance with the laws of Congress in force at date of death.

The said Howell, as administrator, claims all effects with pension money in the Kerl, Hoffman, and Agnew cases, as constituting a part of the personal estate of each of said decedents and as, under the laws of Ohio governing the disposition of estates of inhabitants thereof leaving no heirs to inherit, vesting in the State for the benefit of the common school fund of Montgomery County, within the limits of which said Central Branch is located. The O'Reilly case involves the question of the right of administration by an officer appointed by the State where the heirs are nonresidents of the State in cases which it is customary for the officers of the Home to determine and make settlement directly with the heirs under regulations established by the Board of Managers, or in the absence of any claim from a person entitled thereto to take up the effects in the public funds.

It is contended that moneys taken up under the act of August 1894, as effects of deceased members, and deposited in the United States Treasury, and all pension moneys transferred under act July 1, 1902, to the post fund should now be paid over to the State. It is claimed that the State has full jurisdiction over the grounds of the said Branch Home and that the State law is paramount to any laws passed by Congress to govern disposition of both effects and pension money. The National Home is assisting the United States district attorney at Cincinnati in opposing the claims of the administrator, and J. C. McReynolds, esq., has also been designated by the Department of Justice as an assistant in this matter.

Every effort will be made to secure a decision which shall clearly determine the various points involved and settle definitely these questions, which, in the aggregate, involve several hundred thousand dollars.

In compliance with the act of Congress approved June 30, 1906, the sale of beer to members of the Home was discontinued on the 4th of March, 1907.

The circumstances that influenced the Board of Managers to authorize this practice at the Branch Homes and the opinions of offi-

cers of the Home as to its effect upon sobriety and good order were fully explained in the last annual report of the Board.

A period of eight months has now elapsed since the closing of the beer halls, during which time the general policy as to administration and discipline has not been otherwise changed. Reports from governors of all Branches of the Home show that 1,576 more offenses have been committed by members during this period than during the same eight months of the previous fiscal year, when the beer halls were in operation, an increase of 28.02 per cent. Practically all of these offenses were due to intemperance.

The number of cases of acute alcoholism treated in the hospitals during this period has increased. The smallest increase reported was 13 per cent, at the Pacific Branch and the largest, 91 per cent, at the Eastern Branch, in Maine.

The opinion of the Board, as stated in its last annual report, that the discontinuance of the sale of beer would be a distinct detriment to the moral and physical interests of the members of the Home, appears to be fully sustained by the deplorable results shown by the above figures, and it is strongly recommended and urged that the prohibition against the sale of beer, which was attached as a provision to the appropriation for the support of the Home for the current fiscal year, be not renewed.

Applications for admission to the Home are frequently received from men who have served either in the regular or volunteer forces in some of the various campaigns and expeditions against hostile Indians, who are now so disabled as to be unable to gain their living. Men who served in the regular forces are not admissible to the Soldiers' Home for Regulars, in Washington, unless they served twenty years or were discharged for disability incurred in the service; and those who served as volunteers in such service against Indians are not, under the present law, entitled to admission to the National Home. In view of the hardships incident to the service referred to, and the fact that these veteran soldiers are now generally well advanced in years, it is recommended that by appropriate legislation they be made eligible for admission to the National Home for Disabled Volunteer Soldiers.

J. W. WADSWORTH,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

To the honorable the Senate and House of Representatives of the Congress of the United States.

GENTLEMEN: The Board of Managers of the National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1906:

Gen. Martin T. McMahon, president of the Board, died in New York City after a very brief illness April 21, 1906. General McMahon was appointed a member of the Board in 1880, was reappointed for four successive terms, serving continuously to the date of his death. He was secretary of the Board from 1880 to 1898, and president from 1900 until his death. The Board in its proceedings, the minutes of which are included in the secretary's report and transmitted herewith, has placed on record its sense of the great loss suffered by the Home in his death and its appreciation of his noble and lovable character.

By joint resolution of Congress, approved May 7, 1906, Charles M. Anderson, William Warner, and Franklin Murphy were appointed members of the Board of Managers, in each case to succeed themselves; and James W. Wadsworth, of New York, was appointed to fill the vacancy caused by the death of Gen. Martin T. McMahon.

The Board has performed its duties as required by law, visiting and inspecting the several Branch Homes, attending to the care and discipline of the members; supervising contracts for the construction of new buildings, for repairs, for materials and supplies, and arranging for their proper distribution.

The several Branches have been carefully inspected by the inspecting officers of the Home at stated intervals, and irregularities and defects of a minor character have been pointed out and corrections made.

Under the provisions of the act approved August 18, 1894, the Home has also been inspected by Col. John L. Chamberlain, Inspector-General United States Army, the officer designated by the Secretary of War.

During the year which ended June 30, 1906, 34,810 members were cared for. Of this number, 21,105 were maintained throughout the year. The gains in membership during the year by admissions, readmissions, etc., were 6,733; the losses during the same period from various causes were 6,141, a net gain of 592. In the State Homes, thirty in number, 19,783 disabled soldiers and sailors were cared for, 11,709 being maintained throughout the year. The whole number cared for in the National Home and in the State Homes was 54,593, an increase over the preceding year of 863.

The following table shows the comparative statistics for the years ending, respectively, June 30, 1905, and June 30, 1906:

a Decrease.

The cost of maintenance per capita was $154.55, a decrease of $3.21.

The only loss by fire during the year was at the Southern Branch. In the early morning of August 21, 1906, a fire broke out in the kitchen adjoining the general mess hall. The kitchen and a large portion of its equipment were entirely destroyed, but by the exertions of the members and employees of the Home, efficiently aided by the fire departments of the neighboring towns of Hampton and Phoebus, the mess hall building was saved. The total loss is estimated at $10,570.

The general health of the members has been good and no epidemic disease has prevailed. The number of deaths was 2,148, a decrease of 15 from the preceding year.

An entirely new problem in connection with the care of the sick has developed as the result of the admission of a leper, who served in the Provisional Army and acquired the disease in the Philippine Islands, to one of the Branch Homes. His presence is such a menace to the welfare of others that efforts have been made to provide for him elsewhere. Unexpected and insurmountable difficulties have been encountered in the pursuit of this object, and the fact has been revealed that the various leper colonies in this country are all under local control and not open to patients at large. The number of soldiers and others who have returned from residence in the Philippine Islands is large enough to constitute a possible source of the future development of this insidious and loathsome disease in this country, and suggests the necessity for action by Congress that will secure the admission of lepers that may have a claim upon the Government for maintenance to one of the exising colonies, or provide for them in a colony established for the purpose.

The moneys appropriated by Congress for aid to State Homes under the provisions of the act of Congress approved August 27, 1888, have been apportioned and paid to the several States in accordance with the requirements of the act referred to and the further conditions imposed by the act approved April 28, 1904. The several State Homes, thirty in number, have each been twice inspected during the year by officers of the inspection department of the Home.

BLUE MOUNTAIN SANITARIUM.

The following is a statement of the condition of the appropriations for the construction of the Sanitarium December 1, 1906:

Battle Mountain Sanitarium—Construction.

	Liabilities and expenditures.	Appropriations to date.
Appropriations by Congress:		
Act approved May 29, 1902		$150,000.00
Act approved Mar. 3, 1903		350,000.00
Act approved Apr. 28, 1904		75,000.00
Liabilities and expenditures:		
Existing contracts for construction and equipment, including architect's fees	$557,243.47	
Incidental expenditure, including services	10,734.50	
Total liabilities and expenditures	567,977.97	
Available for future expenditures	7,022.03	
Total	575,000.00	575,000.00

The work of constructing this Sanitarium has been carried on with difficulty on account of the remoteness of its location from business centers. The labor question has been a serious one for the contractors, and difficulties incident to the transportation of materials by the railroads have added to their troubles. The hopes that the instiution would be open for the reception of patients in time to be recorded in this report have not been realized, and while the buildings of the main group are practically completed and patients might be received by the 1st of January, 1907, it may be deemed unwise to subject the sick members who are to be treated there to the discomforts of a long journey in the winter season, and for this reason the question of deferring the opening of the institution until the early spring is under consideration.

In view of the condition attached to the appropriation for the support of the Home for the fiscal year 1907 (act approved June 30, 1906), "That no part of

as comparatively strangers at an age when new friendships are not readily formed, and their tendency is to brood over their life failures. Unless they are afforded some diversions they swell the hospital rolls and the death rate. The social influences of the beer hall and the diversions and entertainments incident to its operation have contributed in no small degree to the health and contentment of the members of the Home.

In July last the governors of all the Branches were required to report in relation to the operation of the beer hall at their respective Branch Homes, as to its effect upon discipline and the sobriety of the members, and to furnish statistics from the records bearing upon the subject. These reports, without exception, furnish positive evidence as to the value of the beer hall in the promotion of temperance, sobriety, and moral conduct. The chaplains of all the Branch Homes were also requested to report on the same subject. Of the 18 chaplains all but 2 report strongly in favor of the beer hall as an influence for good in the life of the disabled soldiers. The reports of the governors and chaplains referred to accompany this report.

The members of this Board have given diligent and faithful consideration to the subject of the sale of beer to members of the Home. Their knowledge of the needs of the disabled soldiers whose welfare is intrusted to them is based upon actual contact with the conditions which prevail. Their opinions on the subject are the result of careful investigation, and it is the unanimous opinion of the Board that the discontinuance of the sale of beer will be a distinct detriment to the moral and physical interests of the members of the Home, tending, as it surely will, to drive the members into the low saloons and dives of the vilest character, which, unfortunately, are found adjacent to nearly all of the Branch Homes.

The report of the secretary of the Board, with which he transmits the journal of the proceedings of the Board of Managers, the record of membership and the reports of the governors of the several Branches; the report of the general treasurer, showing the financial transactions of the Home from its organization and for the fiscal year 1906, estimates for the fiscal year 1908, etc.; the report of the inspector-general and chief surgeon, giving statistics as to membership and health, and his report of the inspection of State Homes under authority given to the Board of Managers by the act approved August 27, 1888, all accompany this report, the table of contents showing in detail the tabulated statements and other papers which relate to each report.

FRANKLIN MURPHY,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

The president of the Board appointed Colonel Brownlow and Major Wadsworth a committee to present the annual report of the Board to the Speaker of the House.

Upon motion the following resolution was adopted:

Whereas the National Home for Disabled Volunteer Soldiers has, ever since its organization, administered the property of its members dying at any of its Branches under the powers conferred upon it by the acts of Congress creating it and amendments thereof; and

Whereas Congress has repeatedly recognized and apparently approved such action, and has specifically legislated concerning the pensions of deceased inmates of the National Home for Disabled Volunteer Soldiers dying without known heirs, recognizing the rights exercised by said Home in administering the same; and

Whereas certain officers of States wherein Branch Homes are located have heretofore claimed and now are claiming the right to exercise probate jurisdiction within the reservations upon which said Branch Homes are located, and claiming further that the estates of deceased inmates of said Branches escheat to their respective States for various purposes when there are no known heirs of such deceased inmates; and

Whereas such officers have brought and are threatening to bring various legal proceedings to compel the officers of the National Home for Disabled Volunteer Soldiers either to furnish information upon which they may found action against the United States to recover unclaimed moneys of deceased inmates, turned over to the Treasury of the United States by the officers of the National Home, or to compel the officers of the Branch Homes to deliver to them the

Upon motion, the park scheme at the Western Branch was so amended as to provide for the construction of a road from the vicinity of the stables to connect with the farm road north of the greenhouse.

The president of the Board presented the case of Robert Hunt, late I Company, Twenty-fourth, and F Company, One hundred and tenth Pennsylvania Infantry, dishonorably discharged from the Southern Branch, on appeal from the decision of the president of the Board denying him admission to the Mountain Branch. After discussion, upon motion, the applicant was readmitted.

The president of the Board presented the matter of the water supply at the Battle Mountain Sanitarium. After discussion the president of the Board was requested to direct the inspector-general and chief surgeon to proceed to the Sanitarium and, by accurate methods, ascertain the flow of the spring now belonging to the Sanitarium, and to make accurate calculation as to the amount of water necessary for hospital and irrigation purposes and to report the result of such investigation to the president of the Board and the local manager, who are hereby given power to act in the matter.

Upon motion, it was

Resolved, That the laws and regulations of the National Home for Disabled Volunteer Soldiers be amended by the addition of the following paragraph:

"17½. When, in the opinion of the Board of Managers, such action may be deemed advisable in the interest of the Home, it may select and appoint one of its members as an assistant to the president, to perform such duties as he may require, and, in the absence of the president and the vice-presidents from the City of New York, to have any and all of the powers of the president."

Resolved, That, in conformity with the provisions of paragraph 17½ of the laws and regulations of the National Home for Disabled Volunteer Soldiers, Maj. James W. Wadsworth, manager, is hereby appointed assistant to the president of the Board.

The condition of the water supply at the Mountain Branch was called to the attention of the Board. After discussion it was decided to defer action in the matter until the next meeting of the Board.

DECEMBER 12, 1906.

Hon. Eben W. Martin appeared before the Board in relation to the appointment of a chaplain at the Battle Mountain Sanitarium. After discussion of the matter he was informed that the Board did not consider that such appointment would be necessary before its next meeting.

Upon motion, the president of the Board was requested to direct the inspector-general and chief surgeon to prepare a circular formulating a set of rules for admission to the Battle Mountain Sanitarium.

Upon motion, the date for the opening of the Battle Mountain Sanitarium was fixed for April 1, 1907, or as soon thereafter as the president of the Board may deem proper.

There being no further business before the Board, on motion, the Board adjourned on December 12, 1906, to meet at headquarters National Home for Disabled Volunteer Soldiers, in New York City, on Monday, May 6, 1907, at 10 a. m.

REPORT OF THE INSPECTOR-GENERAL AND CHIEF SURGEON.

THE NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS,
December 1, 1907.

SIR: I have the honor to forward herewith certain papers relative to membership and health of the National Home, to accompany the annual report of the Board of Managers for the year ending June 30, 1907. They consist of—

(1) Statement of percentage of members admitted from different States and Territories.

(2) Statement of average number present from date of organization.

(3) Charts showing average number present at different periods during the year since 1892.

(4) Statement showing average number of members present at Branches since their establishment: Total average present, average present and absent, whole number cared for, and percentage of increase.

(5) Statement of deaths and number of deaths per 1,000 of average present and absent and whole number cared for.

(6) Statement of ages at death and number of deaths per 1,000 to whole number cared for during year ending June 30, 1907.

(7) Statement of diseases and causes of death for year ending June 30, 1907.

(8) Returns of the National Home for year ending June 30, 1907.

For the first time in the history of the Home the returns show a decrease in the total number of members cared for. This decrease is small, amounting to less than 1 per cent, but the average number of members present was 390 less than during the previous year, a decrease of 1.8 per cent.

The number of members receiving medical treatment was 1,17 more than during the last fiscal year, an increase of 4 per cent, and 216 more were cared for in the hospitals, an increase of 2 per cent.

There have been no epidemics or unusual occurrences to account for this increase, which is chiefly due to the greater age of members, which averaged 67.77 years for members who served in the Mexican and civil wars, an increase of 1.02 since the last annual report.

Two thousand five hundred and fifty sick members were cared for in the hospitals, and 1,340 members who were feeble as the result of age and infirmities were made comfortable in barracks that have been especially prepared for their care. These members were relieved from the ordinary camp and barrack duty by the employment of janitors and others to do this work.

One hundred and thirty members were transferred to the Battle Mountain Sanitarium, which was opened for the reception of patients during the last quarter of the year, and with few exceptions all of these received benefit as the result of the treatment given them there.

From a medical point of view the Sanitarium has been built in accordance with the most modern and generally accepted ideas as to proper hospital construction. The accommodations provided for patients in the wards are of the best, and the general arrangement is such that all have an abundance of space, light, and fresh air.

The only serious obstacle to the great utility of the Sanitarium is the long and expensive journey necessary to reach it from any of the Branches of the Home.

Of the whole number cared for in the Home 1,266 were members who served in the Spanish war and Provisional Army, and an unusually large proportion of these members suffer from pulmonary tuberculosis, which emphasizes the importance of providing special facilities for the treatment of this disease in accordance with the now generally accepted ideas as to the benefits that may be derived from life in the open air under favorable climatic conditions.

All of the Branches of the Home have been inspected by the inspectors-general of the National Home, as usual, throughout the year, and the reports of these inspections indicate that a high degree of efficiency in administration has been maintained and that the members have received proper care and attention.

Respectfully, yours,

W. E. ELWELL,
Inspector-General and Chief Surgeon,
National Home for Disabled Volunteer Soldiers.

Maj. JAMES W. WADSWORTH,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

ıL REPORT OF CENTRAL BRANCH, NATIONAL HOME FOR BLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING 30, 1907.

Gen. C. M. ANDERSON, Greenville, Ohio, Local Manager.

Col. A. J. CLARK, Governor.

H. ORTT, Treasurer.
V. ROUSH, Surgeon.
P. HOOVEN, Quartermaster.
W. BYRON, Commissary of Sub-
e and Superintendent of Post

Maj. CARL BERLIN, Assistant-Adjutant-General.
Maj. A. S. GALBRAITH, Inspector.
Rev. H. A. McDONALD, Chaplain.
Rev. B. F. KUHLMAN, D. D., Chaplain.

CENTRAL BRANCH, *July 23, 1907.*

I have the honor to submit the following report of this Branch year ending June 30, 1907:

present	4,382
present and absent	5,640
ımber cared for	6,835
ımber receiving medical treatment	6,236
age of members	67.16
cost of daily ration	$0.1617
capita per year	$146.59

the last annual report several changes have occurred among cers of the Central Branch. The present governor, formerly er, succeeded Col. J. B. Thomas, who died, unexpectedly, 5, after a service of nearly forty years at the Central Branch, treasurer and later as governor. Maj. W. H. Ortt, quarter- was appointed treasurer, and Capt. E. P. Hooven, for years master's chief clerk, was appointed quartermaster.

PERMANENT IMPROVEMENTS.

ew buildings have been erected under the general fund during r, but a great deal has been done in the way of repairs and ements to buildings, etc. The addition to eye and ear ward at l now provides suitable rooms for this most important work. ous changes have been made in the interior of the main hospital g to provide for a drug room on first floor, and new messing ments, etc., on second floor. Out ward 15 has been fitted up ıne and weak-minded patients, greatly improving their sur- ıgs and providing additional conveniences for their care. ive repairs to the piping in the various tunnels have been made, o new boilers, with automatic stokers, have been installed at boiler house. The water-softening plants, put in during year dry boiler house, lake pumping station, and Wagner wells, are very satisfactory. The milk-cooling room at the dairy has mpleted and is in use; the repairs to garbage building at general ıll have been completed, and the old farm house at south gate p for use of the chief dairyman. Many minor repairs have ade to the various buildings at the Branch. The manufacture

of gas at the Branch was discontinued last December and natural gas, for necessary purposes, has since that time been furnished, under contract by the Dayton Gas and Fuel Company, at a great saving in expense to the Home.

With the exception of work on McMahon avenue, nothing of special importance has been done by the post fund in the way of permanent improvements during the year.

HEALTH.

The general health of the Branch has been good during the year, but the number of deaths was the largest in its history (521). This is not remarkable when the age of the members and the trying weather of the winter and spring are considered.

GENERAL.

During the past year, and especially during the last few months, the question of "employment" has forced itself to the front at this Branch. Prosperous times outside of the Home, increasing years, and increasing pensions under the recent law have greatly reduced the number of members who are able and willing to work, and at the present time it is practically out of the question to secure enough members to carry out the necessary work of the Branch in a proper manner. The time appears to have been reached when provision, on a much larger scale than in the past, will have to be made for civilian employees in the various departments.

Very respectfully,

A. J. CLARK, *Governor*.

Col. WALTER P. BROWNLOW,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

The sanitary condition of the Branch has been good during the year in spite of the fact that we have had a great deal of rain. No Dayton water was used during the year, except the last day or two of September and the whole month of October. In this connection attention is invited to the estimates which have been presented to the Board of Managers for improving the water plant at this Branch, as, except in a very unusual year, like the last one, the Branch has been obliged to use a great deal of Dayton water, and as Dayton is growing rapidly and has not enlarged her water supply, it may be necessary at any time for the city to decline to sell water to the Home. The surgeon has made the regular quarterly sanitary inspections of the Branch and special inspections when directed by the governor. The number of baths taken by the members during the year at the general bath house and in the barracks was 187,054.

RELIGION AND SOCIETIES.

The reports of the Branch chaplains, who have faithfully and efficiently performed their duties during the year, are submitted herewith:

CENTRAL BRANCH, *July 9, 1907.*

SIR: I have the honor to submit the following report for the year ending June 30, 1907:

During the year my time has been wholly occupied in caring for the spiritual interests of the members, and I have been gratified by the growing interest in spiritual things on the part of a large number of men. The attendance upon the public services, morning and evening of Sabbath, as well as upon the midweek meetings, has been gratifying.

Notwithstanding the increasing disabilities of the members, the attendance has been fully equal to that of former years.

Believing that a large part of a chaplain's work is in the hospital, I spend much of my time in ministering to the sick and dying. I visit the hospital daily, excepting Sunday, and on that day also am subject to call. Much time is also occupied in personal work among the men in the barracks and as opportunity may offer; and it is believed that this individual work has been blessed to spiritual and moral results.

As the men grow older, the more important is the service of our very efficient choir. The organist and choir have been faithful, and the spirit which they bring to their work makes the services a blessing to all.

In the year I received notices of 324 deaths and conducted burial services at the funerals of 273 members, the remains of 51 having been taken away.

Respectfully,

H. A. McDONALD, *Chaplain.*

Col. A. J. CLARK, *Governor.*

NATIONAL MILITARY HOME, OHIO,
July 10, 1907.

SIR: The chaplain of the Good Shepherd Chapel begs leave to report as follows for the last fiscal year:

Attendance at daily low mass, at high mass and vespers on Sundays, and at benediction Friday evenings has been fully equal to that of previous years. It is most gratifying to record that there were over 3,000 communions.

The chapel is quite popular with the men. Outside of the hour of services so many resort thither that a stranger entering then, especially after supper, would think some public function was about to begin.

The order that morning funerals shall take place half an hour later, at 8.15, and the transfer of weekly inspection from Sunday morning to Saturday afternoon, gives a decided advantage to the exercises at the chapel. Daily 7 o'clock mass is never now attended by hurry. The whole congregation remains until the end of the mass Sunday morning and willingly listens to the sermonette. The change has enabled the pastor to introduce in fact he now has opportunity to preach three times on the Lord's day.

In his daily visits to the hospital, relieved by the kindest welcome from officers, physicians, nurses, and patients, he has prepared over a hundred for death; 98 of them died, of whom he buried 91 in the Home cemetery.

Among the many things dock and pastor are indebted to the management for, not the least is the choir, whose faithfulness and efficiency deserve all praise.

Respectfully,

B. F. KUHLMAN, *Chaplain.*

Col. A. J. CLARK,
Governor, Central Branch, National Home for Disabled Volunteer Soldiers.

NATIONAL HOME,
Milwaukee County, Wis., July 26, 1907.

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1907:

Average present	1,967
Average present and absent	2,415
Whole number cared for	3,009
Whole number receiving medical treatment	2,704
Average age of members	69.60
Average cost of daily ration	$0.1745
Cost per capita per year	$171.08

Among the permanent improvements the only new building is a repair shop now conveniently located and of great advantage in the necessary work of the Home.

There were 10,200 square feet of cement walk laid, which nearly completes the walk system with which this Branch is now well provided.

There were also 3,800 linear feet of cement curbing and gutters put in place of old and worn-out stone and cobble gutters, adding greatly to the appearance of the Home grounds.

The general good health of the members has continued. The death ratio shows a slight increase. The average age of the members is 69.60 and at death 71.37.

The discipline of the Branch has been good, although there has been an increase of 28 per cent in offenses committed since the closing of the canteen on March 1 to June 30, as compared with the corresponding period of the previous year. The closing of the canteen has not proven beneficial to the members of this Home.

Respectfully submitted.

Governor.

SANITARY REGULATIONS.

Sanitary inspections are made daily by the adjutant and inspector and the officer of the day. The surgeon makes sanitary inspections regularly every quarter and at such other periods as directed by the governor.

All garbage is promptly removed twice daily, and no insanitary accumulations are allowed.

Members are required to bathe at least once each week. New arrivals and applicants for admission or readmission are at once given a bath and a change of clothing, their own clothing being subjected to sterilization when deemed necessary, and all applicants for admission are required to be vaccinated. Members returning from furlough, or absence of more than three days, are required to bathe and have their clothing sterilized.

The clothing of all members discharged or going on furlough is turned in to the quartermaster and sterilized and renovated before reissue.

Every precaution against the spread of disease or vermin is used. There is in readiness good isolation quarters to be used in case of emergency.

The hot water tank system for the purification of the beds and the steaming of the wardrobes is continued with success, and the bedbug pest is kept at a minimum.

The intermittent filtration system for sewage is still in successful and satisfactory operation.

The sanitary condition of the Branch is excellent.

RELIGION AND SOCIETIES.

REPORT OF E. PURDON WRIGHT, PROTESTANT CHAPLAIN.

Herewith I respectfully submit my annual report for the year ending June 30, 1907:

Regular services have been held in the chapel on Sundays, excepting during the four weeks vacation granted me, and also on week days during the nine months from October 1 to July 1.

I have made 250 visits to the hospital. The holy communion has been administered by me in public 15 times and in hospital 9 times—in all, 24. The burials have numbered 98 during the year; confirmations, 4; baptisms, 3.

REPORT OF M. J. HUSTON, CATHOLIC CHAPLAIN.

The following is the annual report which I beg leave to submit for the year ending June 30, 1907:

Divine services were held in the chapel on all week days as well as Sundays. The attendance averaged about 200. Confessions were heard every Saturday afternoon and evening, and holy communion given every Sunday in the chapel and in the hospital, and frequently in the barracks. Daily devotions were held in honor of the Mother of God, and sermons preached and instructions given on all suitable occasions.

Funeral services were conducted in the chapel and at the grave over the remains of the 50 Catholic members who departed this life during the year.

The great field of labor, however, is the hospital, in which many hours are spent daily in profitable conversation with those who are confined to their beds. Every effort has been made to do all that is possible for the spiritual and temporal welfare of the individual members of the Home.

In concluding this report, I beg to offer my sincere thanks to you personally, to all the other officers, the doctors, and nurses, for the many courtesies shown me and the various ways in which sympathy and encouragement were extended to me.

SANITARY REGULATIONS.

Regular inspections of the buildings and grounds are made by the surgeon, reports of which are submitted in writing to the governor. Members are required to bathe regularly once each week and new members immediately upon arrival at the Home, at which time they are supplied with clean underclothes. All second-hand clothing is fumigated with formaldehyde and thoroughly renovated before reissue to members.

Daily examinations of milk are made in the laboratory as prescribed in General Orders, No. 4.

All members entering the Home, who are unable to show a satisfactory scar from recent vaccination, are vaccinated at the time of their medical examination.

Care is taken to prevent, so far as possible, the careless expectoration of tuberculous patients, each patient being provided with sputum cup and disinfectant.

There has been a noticeable increase in the number of cases of acute alcoholism admitted to the hospital for treatment since March 4, the date of the closing of the canteen, over cases of this class admitted during the corresponding period last year. This year the number was 37 per cent of the whole number admitted during the above-mentioned period, while last year it was but 23 per cent. It is also a fact of some significance that there have been two suicides as a result of pathological mental conditions following acute alcoholism.

RELIGION.

JULY 5, 1907 —

MY DEAR SIR: During the year from July 1, 1906, to July 1, 1907, I have preached in the chapel of the Branch on each Sunday except one, when I was absent on leave and another clergyman preached for me. I have also held a service of song in the hospital every Sunday evening except on the Sunday mentioned and also except during the months of July and August, the choir during those two months having a vacation. Religious services have been conducted on Monday evenings throughout the year at the hospital and on Wednesday evenings at the chapel. Both of these meetings I have personally conducted when present at the Branch, and I have arranged for a substitute on the few occasions when I have been absent. I have also attended the weekly temperance meetings in Grand Army Hall and have endeavered in every possible way to exert an influence in favor of temperance and good order. Almost daily throughout the year I have visited the sick in the hospital. I have conducted much correspondence for the sick and also for other men at the Branch who have sought my assistance.

My work in connection with the reading room and the Library has received much attention. Considerable time was given to the preparation of the new library the catalogue printed during the year.

During the year I have officiated at 81 funerals, 16 more than during the previous year.

Respectfully submitted.

HENRY S. BURRAGE, *Chaplain.*

Col. JOHN T. RICHARDS, *Governor.*

SIR: I have the honor of submitting to you the following report for the fiscal year ending June 30, 1907:

The attendance at mass on Sundays is about 400, on holy days 250, and 200 on the first Fridays of eleven months of the year.

I officiated at 42 funerals and the remains of several Catholics who died at this Branch were forwarded to relatives. My visits at the hospital average three times a week. The physicians of the Home kindly notify me when any member of my flock is dangerously ill, and this is a favor which I greatly appreciate.

I exceedingly regret that the canteen was abolished and I am convinced that misguided zeal and a mistaken policy are responsible for the increased difficulty in maintaining discipline in camp. I earnestly hope and confidently trust that Congress in its wisdom at the coming long session will restore to the Homes the privilege which they formerly enjoyed and the use of which resulted in general satisfaction to those chiefly concerned in the welfare of the old soldiers.

Respectfully submitted.

ANNUAL REPORT OF SOUTHERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1907.

Hon. FRANKLIN MURPHY, Newark, N. J., Local Manager.

Col. T. T. KNOX, Governor.

Maj. B. A. BEESON, Treasurer.
Maj. JOHN A. JOHNSTON, Surgeon.
Maj. JOHN T. HUME, Quartermaster.
Capt. FRANK E. SKINNER, Commissary of Subsistence.
J. MARTYN NEIFERT, B. A., Chaplain.

SOUTHERN BRANCH, *July 31, 1907.*

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1907:

Average present	2,476
Average present and absent	3,437
Whole number cared for	4,258
Whole number receiving medical treatment	2,879
Average age of members	68 years
Average cost of daily ration	$0.152
Cost per capita per year	$149.47

Since the last annual report no changes have occurred among the officers of the Branch. The cost of the ration is $0.152, compared with $0.1537 for the last fiscal year. This slight reduction has occurred notwithstanding the advance in the cost of supplies. The full allowance has been maintained.

The per capita for the fiscal year is $149.466, as compared with $142.43 for the previous year. This increase is due largely to the purchase of new equipment to replace that which has been in use a great number of years, of old pattern and practically worn out. There has been no epidemic during the last fiscal year.

The important improvements during the year of a permanent character are: The extension of the Jones Creek revetment about 500 feet; painting a number of the buildings; completion of the mess-hall kitchen, which was destroyed by fire in August, 1906; a new metal flagstaff; the substitution of metal drying frames for wooden ones in the laundry; construction of a new bridge over Hampton Creek; installation of an electric elevator in hospital; the replacing of old plumbing in four of the barracks, and the installation of three new boilers in the power house.

The discipline of the Branch has been fair. The total number of trials has increased. This is entirely due to the abolition of the canteen. The number of trials for drunkenness and those incident thereto have been increased, as well as the number of cases of acute alcoholism treated in the hospital.

The surgeon reports that the number of cases attending sick call from the effects of drink have been greatly increased over those of the preceding year. There are evidences on every hand of the unfortunate results following the discontinuance of the canteen, and the members generally resent the change in the law and consider that they have a grievance. From their standpoint it was the results of their victories and hard service that now enables the American citizen to justly boast of his country, and they think that the least that may be done for them by a grateful people is to allow them privilege of taking in quiet and comfort a pure glass of beer of compelling them to go outside, where vile compounds are

viler places. Much injury and several deaths have occurred among the members from drinking what is called whisky and contains a good per cent of wood alcohol. Some have been drugged and robbed. Still they go, claiming that they need a stimulant in their old age.

Respectfully, T. T. KNOX, *Governor.*

Col. W. P. BROWNLOW,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

During the fiscal year there was constructed a chaplain's quarters, nd there was constructed and installed fuel-oil burning apparatus. he latter work is not fully completed, but has progressed so far as to ermit the burning of fuel oil instead of coal, beginning on the first ay of the present fiscal year. It is hoped that the change from coal oil will result in very material economies.

A large number of improvements of a permanent character were ade during the year from the appropriation under the head of pairs. The more important of these are stated in a statement reto attached.

GENERAL CONDITIONS.

The entire camp has been at all times kept in a clean and neat condition. Personal cleanliness, orderliness, and neatness have been eneral.

Farm and garden operations were successful in a high degree. lowers and vegetables were produced in abundance, and the lawn nd park system were at all times maintained in a neat and attractive condition.

Sanitation received careful and constant attention, and unfavorable conditions were promptly reported and corrected.

Several additional buildings are needed at the Branch, and recommendations therefor, and for other permanent improvements, been submitted in annual estimates.

Statement of receipts and disbursements of Western Branch, National Home for Disabled Volunteer Soldiers, appropriation for fiscal year 1907, and prior fiscal years.

SANITARY REGULATIONS.

Garbage.—Garbage is collected immediately after each meal, and is removed from the grounds in a wagon having inclosed box.

Bathing.—Members are required to bathe once every week, and a record is kept by the captain of each company to show that the rule is complied with. Men newly admitted to the Home are required to take a bath, except when too infirm. In such instances they are bathed at the hospital.

Bedding.—Beds and bedding are aired every morning until 9 o'clock, except Saturday morning, in the hospital, when the time is lessened in order to prepare for inspection.

Vermin and disease.—Constant care is exercised by the use of hot water and chemicals to exterminate vermin and to prevent the spread of disease.

Linen.—Linen is changed once every week throughout the Home, and towels in wash rooms one or more times a day.

Soiled linen.—Soiled linen is sent to the laundry once each week and from the hospital each day, but may be sent more frequently if badly soiled.

Ventilation and heat.—The ventilation provided for throughout the Home is direct or indirect, and is, as a rule, good. The heat furnished in winter has been good.

Milk and food.—The character and quality of food and milk are tested from time to time by the hospital corps. Milk supplied the Home under contract is analyzed daily. The Home milk is analyzed periodically.

Inspections.—The regular weekly inspections of barracks, hospital, etc., is supplemented by a quarterly report by the surgeon to the governor.

Vaccination.—All members must show a scar of not greater than two years' standing or undergo operation for vaccination.

RELIGION AND SOCIETIES.

REPORT OF REV. JAMES M. PAYNE, PROTESTANT CHAPLAIN.

I visit the hospital daily in addition to other frequent visits throughout the Home. I have attended 207 funerals.

The following services are held: Sundays, 1.30 p. m., preaching; Sundays and Thursdays, 9 a. m., prayer and praise services; Tuesdays, 9 a. m., Christian Endeavor; temperance meetings Wednesdays at 2.30 p. m.

Membership of Christian Endeavor, 150; temperance society, 198. The general condition of these societies is good.

REPORT OF REV. THOMAS H. KINSELLA, CATHOLIC CHAPLAIN.

I have the honor to report that the usual duties of my office have been punctually
o during the past year. Morning and evening services have been held each
n extra service on Sundays.
rage attendance on Sundays was about 200 and on week days about half that
The Rosary Society meets each evening in the chapel for night prayers;
men attend. The Sacred Heart Society continues to hold its monthly
. About 50 men of this society approach holy communion on the first Friday
month.

A course of mission sermons was given during the winter by a clergyman from the outside, and it has been my practice to preach short sermons twice on Sundays and at other times and seasons also.

Frequent visits are made to the hospital and barracks, and kindness to all is regarded as a duty.

Thirty-nine funerals were attended and a simple service performed at the grave of each veteran.

The lack of family influence is the great drawback to the social and religious betterment of all who live at Soldiers' Homes. Mothers, wives, or daughters play little or no part in the uplifting of these men. They are provided for so well by the Government that many have lost the sense of dependence on God or man, and have in a measure ceased to feel the need of religion as a help and a consolation in human life. It is in the hospitals, where sickness and death threaten, that anything can be done for men of this class.

The general moral tone of the Western Branch is peaceful and pleasant, and a large measure of happiness is everywhere apparent.

SANITARY REGULATIONS.

The Home has been in good sanitary condition during the past year. The regular sanitary inspections have been thoroughly conducted and reported. The regulations concerning bathing are strictly carried out. Every member received into the Home is at once vaccinated. The clothing of members going on furlough or discharged is cleaned, scoured, and put in good condition. A new steam sterilizer for sterilizing clothing, bedding, etc., is now being installed. The sputum cups are regularly cleaned with steam jet. The orders concerning spitting are strict and generally well observed; the tubercular patients especially are remarkably careful in this regard.

One case of diphtheria occurred in the family of the quartermaster. Strict quarantine was maintained and no further cases developed.

RELIGION AND SOCIETIES.

PROTESTANT CHAPEL.

Number of sermons preached	89
Number of prayer meetings held	49
Number of visits to hospital	210
Number of lectures delivered	48
Number of funeral services conducted	127

Though the age of the members steadily increases, the congregation continues good, an average of about 230 being present at the preaching services.

A faithful choir and organist greatly add to the success of the chapel services.

A temperance society, having about 200 members, hold biweekly services, which are frequently attended by the chaplain.

A large gift of Bibles has been received during the year from the American Bible Society, and are appreciated by the members.

The courtesies accorded the chaplain in the prosecution of his work, by the other officers, has materially added to the fruitfulness of his work. The morals of the Home will compare favorably with any institution having the same number of men.

CATHOLIC CHAPEL.

Number of funerals attended	34
Number of visits to sick in hospital	156
Number of services held in the chapel	77
Average attendance at services	150

During the year a great amount of good has been done for the members of the Home. Besides the efforts of the Catholic chaplain to accomplish this, the services of the Right Reverend Bishop Conaty and ten distinguished members of the clergy were secured. The result is the men live up to a higher standard of morals and have due respect for the Home authorities.

The recent acquisition to the library of a number of standard Catholic works will undoubtedly have a good result.

ORGANIZED SOCIETIES.

John A. Martin Post, Grand Army of the Republic	105
Uncle Sam Post, Grand Army of the Republic	99
Hopkins Squadron, United States Naval Veterans	65
Encampment No. 138, Union Legion	100

The general condition of these several societies is good, and they are important aids in the proper observance of public holidays.

RELIGION AND SOCIETIES.

COLONEL: I have the honor to make to you the following report for the year ending June 30, 1907:

During the year I have commingled freely among the members of the Home and tried to acquaint myself more fully with their personal needs. And in this familiar way I have come in closer touch with many, which has given me opportunity to be of some help to many.

Number of sermons preached	64
Meetings held	102
Rounds of visits in hospital	103
Special visits to sick	370
Societies	2
Number of members Christian Union	255
Number of members Union Temperance League	250

This latter society has held but few meetings during the year, but appears to continue its organization.

Respectfully submitted.

D. E. MYERS, *Chaplain.*

Col. GEORGE W. STEELE, *Governor.*

SIR: It is a pleasure to report that all the services held in St. Ignatius's Chapel during the year ending June 30, 1907, have been very well attended. Services are held regularly on Sundays and Fridays. During Lent special services were also conducted on Tuesday evenings.

A special course of free lectures on religious topics was given in the chapel by a distinguished member of the Ohio apostolate during the first week of May. The veterans attended in large numbers. The exercises lasted one week, and were productive of much good among the members of the Home.

The faithfulness and efficiency of our choir has been instrumental in attracting large numbers of the members to our services.

Our societies are in a prosperous condition, the Men's League of the Sacred Heart having 120 members and the Legion of the Holy Land 115 members.

Regular visits were made to the hospital and the barracks.

Respectfully submitted.

CHARLES E. MCCABE, *Chaplain.*

Col. GEORGE W. STEELE, *Governor.*

IMPROVEMENTS.

ıder special Congressional appropriations a coal shed, at a cost ;,915, was constructed, and contract made for the construction of 57 square feet of cement walks. At the close of the fiscal year, in equence of wet weather and inability to procure shipments of rial, only 36,075 feet of the walks had been constructed.

WATER.

ıe available water supply in time of drought continues inade-e. In May the Johnson City Water Company commenced vating for the promised additional reservoir and made promises dding the pumping station at the Harvey-Denton Spring, but a few weeks the work on the reservoir ceased and nothing further een done. The work appears to have been abandoned.

GENERAL CONDITIONS.

ıe general health of the members has been good; there has been pidemic of contagious disease; sanitation has been excellent, and ewage-disposal plant has continued in satisfactory operation.

ANNUAL REPORT OF BATTLE MOUNTAIN SANITARIUM, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1907.

Capt. HENRY E. PALMER, Omaha, Nebr., Local Manager.

Col. R. D. JENNINGS, Governor and Surgeon.

Maj. W. A. TUCKER, Treasurer. Capt. J. L. DENMAN, Quartermaster.

HOT SPRINGS, S. DAK., *June 25, 1907.*

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1907:

Average present	36
Average present and absent	37
Whole number cared for	147
Whole number receiving medical treatment	130
Average age of members	63.12
Average cost of daily ration	$0.2217
Cost per capita per year	$254.10

Battle Mountain Sanitarium was opened for the reception of members the first part of April, 1907, and is now filled to nearly half its capacity. The results of the special treatment given here have been excellent, several members having already been discharged either cured or greatly benefited, and nearly all of the others showing a more or less marked improvement in their physical conditions after having been in this institution for a short time. But three deaths occurred during the year.

No facilities for the treatment of tuberculous patients have been provided, and the construction of a special ward for this purpose is essential if any persons suffering from the disease mentioned are to be admitted to the Sanitarium.

A band stand is very necessary, as no such structure has been provided.

Adequate quarters should be built for the nurses. At present these employees are occupying rooms in the administration building, which arrangement prevents other civilian employees from having quarters to which they are entitled.

Additional coal bunkers for the storage of coal at the power house are much needed.

Very respectfully, R. D. JENNINGS,
Governor and Surgeon.

Col. WALTER P. BROWNLOW,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

REPORT OF INSPECTION OF STATE SOLDIERS AND SAILORS' HOMES FOR THE YEAR ENDING JUNE 30, 1907.

HEADQUARTERS NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS,
New York, N. Y., December 1, 1907.

SIR: I have the honor to submit herewith summaries of the reports of inspections of 30 State Homes for Disabled Volunteer Soldiers and Sailors that have received the Government aid of $100 for each legally qualified inmate cared for during the fiscal year ending June 30, 1907.

All of these Homes have been inspected and the returns verified by the inspectors-general of the National Home. They are generally well managed, and members receive good care and considerate attention.

Larger hospital accommodations have become necessary at several Homes because of the constantly increasing proportion of the sick and aged, and this condition has been promptly met by State appropriations for the purpose.

The quarters provided vary from small two-room cottages for man and wife to imposing buildings of stone, in which all, including officers and employees, are housed together.

The buildings of all of the Homes are well heated and lighted, and while there is a wide variety in the character of the furniture, bedding, and clothing furnished, it is everywhere sufficient for the necessities of members.

The sick receive good attention from competent surgeons and trained nurses, who are being employed in constantly increasing numbers.

A commendable desire to provide everything necessary to properly care for invalids is manifested by those who are responsible for the management of the Homes.

The following comparative statement shows a decrease in the average present and the whole number cared for during the last fiscal year:

Comparative statement of average present, average present and absent, whole number cared for, and average cost per capita of the State Soldiers' Homes, years 1906 and 1907.

Average present during the year ending June 30:	
1907	11,688
1906	11,709
Decrease	21
Average present and absent:	
1907	14,251

Pensions.—Members are required to deposit their pension money with the commandant, and are given a memorandum book containing a duplicate of their accounts. Disbursements are properly made to pensioners as required except for disciplinary reasons, and none of the pension money is used for the expenses of the Home.

Canteen.—No canteen is maintained.

Buildings and grounds.—The buildings are comfortable and well heated. They have been improved since the date of the inspection by interior painting and other repairs.

Care of members (quarters, clothing and bedding).—The quarters of some of the members were cluttered with civilian clothing and private property hanging about the walls. A general baggage room for the storage of private clothing is needed. The bedding is sufficient, but the mattresses are of inferior quality—excelsior covered on top with a thin layer of cotton. The clothing furnished is uniform in character and of good quality. The ration is ample, of good quality and well prepared. The bill of fare for a week is liberal and the variety and quality of articles of diet furnished is exceptionally good.

Medical care.—The hospital is not large enough to comfortably provide all of the facilities needed for the care of the sick and is not well arranged. A new and commodious hospital will soon be constructed, and arrangements have been made for the employment of additional civilian nurses, who are needed.

General management.—The Home is well managed and its members appear to be contented.
